About Us

Fly to infinity is a leading education consultancy group that provides personalized and comprehensive support to students who are seeking higher education opportunities. Our experienced and knowledgeable team of education consultants offers a wide range of services, including course and university selection, admissions and applications, scholarships and funding, pre-departure and post-arrival support.

Our Services

01

Career Counselling

We offer a comprehensive education assistance service that helps individuals and organizations to plan and pursue their education goals.

02

Admissions and applications

We will guide you through application process, writing compelling personal statement and prepare you for your admission interviews.

03

Scholarships and funding

We will help you find and apply for scholarships and funding opportunities, ensuring that you get the financial support you need to achieve your educational goals.

04

Travel Assistance

We will provide you with pre-departure information and assistance with making travel arrangements, as well as post-arrival support to help you to settle into your new environment.

Career-related queries and needs. Our experienced and knowledgeable team of education consultants is here to guide you through every step of the way, from choosing the right course to finding the perfect university.
